

TOWA

AX-100

***Professional power and unrivalled value
at the point of sale***

Shown with space-saving NP33 cash drawer

The compact AX-100 is an economically priced but multi-featured ECR that can even be connected to a PC, if required.

Software features

- 200 Price Look Ups
- 16 Departments (8 by shift)
- 10 Staff by ID
- 10 Groups
- Cyclic electronic journal (3,500 lines)
- Fully itemised receipt after sale
- Rounding control by media key
- Alphanumeric 5-line logo message

Management features

- High amount lock out (HALO)
- Password Protection for Reports, Training Mode and Programming Mode
- Cash Declaration
- Training Mode
- Up to 4 foreign currencies
- Split payments
- Discounts
- Daily and weekly management reports

And many more powerful features

- Programmable transaction names
- Time and date display
- Calculator function
- Paper saving option (for receipts, reports and for journal)
- Department shift
- RS 232C port for PC communication
- Automatic paper loading

All the keys on the keyboard have transparent key caps so that each key can be labelled in colour and customised to individual requirements.

Viewed from the customer side

An RS-232C interface is available for PC communication for programming and data analysis.

Customer side LED display provides a clear view as the transaction is processed.
